Solid Phenolic Compact by Durcon (SPC) is the new work surface solution for high impact areas such as laboratories, production and healthcare facilities. Engineered for horizontal or vertical applications, these durable self-supporting surfaces are available in three grades and many color options. Best yet, SPC surfaces are manufactured in America and backed by Durcon, the global leader in high quality resin surfacing solutions.

A WILSONART COMPANY

SOLID PHENOLIC COMPACT

BY DURCON®

Solid Phenolic Compact worksurfaces are the functional and decorative surfacing options for a wide variety of horizontal and vertical applications. Three grades are available, each based upon specific performance solutions. SPC by Durcon is FSC and LEED friendly, UL Environment (Greenguard Gold) certified and proudly manufactured in America.

THREE SPC VARIETIES

STANDARD GRADE SPC

Standard Grade SPC is the "rhino tough" surfacing solution designed for a multitude of horizontal and vertical applications. With multiple thicknesses available plus standard, specialty and multiple color and finish options, Standard Grade SPC is the all-around surface that meets almost any requirement.

CHEMICAL RESISTANT SPC

Chemical Resistant SPC surfaces include a specially electron beam cured layer to provide industry leading resistance to a wide variety of acids, solvents, general reagents and cleaning agents.

FIRE RATED SPC

Fire Rated SPC is thick Standard Grade SPC with fire retardant properties that are suitable for applications where fire ratings of A/1 are required by building codes.

APPLICATIONS

- Light-duty Lab Worksurfaces
- Shelving & Curbs
- Healthcare Doctor's Offices
- Wall Cladding
- Technical Assembly Stations
- Cabinet Components
- Partitions

- Laboratory Worksurfaces
- Reagent Shelving
- Prep Room Worksurfaces
- Science Table Tops
- Mobile Carts

- Elevator Cabs
- Stairwells
- Hospitals
- Airports
- Marine / Aerospace

EXPANDED COLOR OFFERING

All three varieties of Durcon SPC surfaces are available in traditional laboratory colors - black, gray and white. Standard Grade SPC and Fire Rated SPC are also available in many previously unavailable neutral colors and patterns. Plus, all surfaces are double-sided with identical finishes on the top and bottom sides. This feature makes the visible bottoms of shelving more attractive and can increase the number of usable applications and overall lifespan of the surface.

- Three Traditional Colors: Black, Gray and White
- Twelve additional Standard Colors made to order including Atlantis Blue, Hunter Green and Pepperdust Beige (typically available in three weeks or our published lead times, whichever is longer)
- Over 100 additional color variations including woodgrains (contact a Durcon sales representative for details)

THICKNESS OPTIONS - STANDARD & CUSTOM

All three SPC varieties are currently available in standard 1" [25 mm], 3/4" [19 mm], 1/2" [13 mm], and 1/4" [6mm] thicknesses. We can also provide custom thickness surfacing solutions to meet virtually any specified design criteria.

ORDER TODAY!
