

# DURCON FAB

A WILSONART COMPANY

## FABRICATION SERVICES

**Durcon Fab** is *the* preferred custom fabricator of engineered surfaces. With decades of experience managing a wide range of small to multimillion-dollar projects, our teams of experts have the ability, equipment and knowledge to handle projects with multiple phases, shipped directly to your jobsites.

### CENTRALIZED OPERATIONS

Cut out the complication & stress of juggling multiple shops & locations by utilizing one fabricator with the strength & know-how you can rely on.

### CAPACITY, SIZE, EXPERIENCE

Reduce costs & increase efficiency with **Durcon Fab** as your one-stop shop for ordering & receiving fabricated worksurfaces.

### COMPLETE SOLUTIONS PROVIDER

Handle your entire multi-surface project with one trusted provider. A single point of contact also means fewer chances for miscommunication.

### INCREASED PRODUCTIVITY

Receive ready-to-install custom fabricated jobs delivered directly to your jobsite to keep you on time, under budget & on to the next project faster.

### SHIPPING & LOGISTICS

Track the progress of your order in real-time each step of the way with **eProject Manager**, our logistics program available online to all customers.
