

Durcon is now much more than just your epoxy resin worksurface supplier.

Durcon - A Wilsonart Company is now offering fabrication services through Durcon Fab, the same company, facilities and high quality of work you expect, with the same great customer service that keeps you informed and on top of your project.

Support your Solid Surface requirements along with epoxy, Solicor-CR & SPC worksurfaces for your K-12 projects. Enjoy the convenience of having multiple surfacing requirements provided by a single, trusted supplier. Cut to fit, ready for installation and delivered on time directly to your installation site, just like Durcon epoxy.
