

DURCON®

A WILSONART COMPANY

Solid Phenolic Compact
SPC Chemical Resistant

SPC + Epoxy-matching colors - Graphite & Gray

Insight and feedback are what keep us innovating. Architects and designers asked for more SPC color options, and we have delivered with two additions to our SPC Chemical Resistant product line. Introducing **Durcon Graphite** and **Durcon Gray**, created to exactly match popular shades from the Durcon Epoxy color palette.

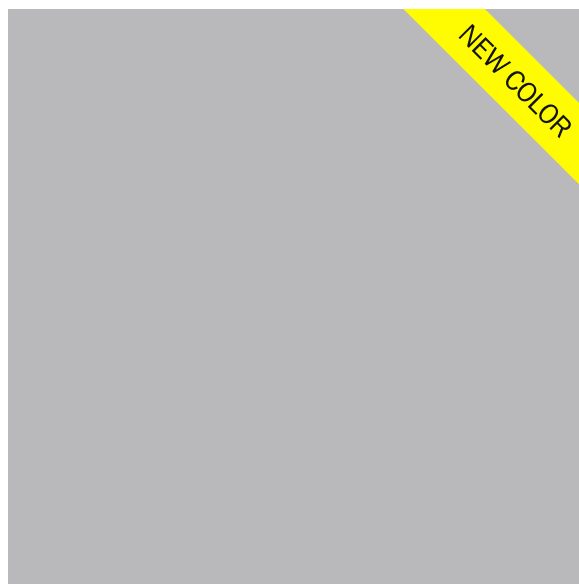

- Features the same advantages of SPC-CR, now in Epoxy-matching colors
- Allows for versatility in design materials
- Precisely matches vertical SPC applications with horizontal epoxy worksurfaces

COLOR-MATCHED SPC & EPOXY WORKSURFACES CREATE VISUALLY STUNNING COMBINATIONS
